## U.S. PASSPORT CARD

APPLICATIONS ACCEPTED  
BEGINNING FEBRUARY 1

Front

Back

U.S. citizens may begin applying in advance for the new U.S. Passport Card beginning February 1, 2008, in anticipation of land border travel document requirements. We expect cards will be available and mailed to applicants in spring 2008.

The passport card will facilitate entry and expedite document processing at U.S. land and sea ports-of-entry when arriving from Canada, Mexico, the Caribbean and Bermuda. The card may not be used to travel by air. It will otherwise carry the rights and privileges of the U.S. passport book and will be adjudicated to the exact same standards.

The Department of State is issuing this passport card in response to the needs of border resident communities for a less expensive and more portable alternative to the traditional passport book. The card will have the same validity period as a passport book: 10 years for an adult, five for children 15 and younger. For adults who already have a passport book, they may apply for the card as a passport renewal and pay only \$20. First-time applicants will pay \$45 for adult cards and \$35 for children.

To facilitate the frequent travel of U.S. citizens living in border communities and to meet DHS's operational needs at land borders, the passport card will contain a vicinity-read radio frequency identification (RFID) chip. This chip will link the card to a stored record in secure government databases. There will be no personal information written to the RFID chip itself.

## Important Change in International Land and Sea Travel Document Procedures

**Effective January 31, 2008**, U.S. and Canadian citizens ages 19 and older should no longer expect that they will be able to prove identity and citizenship by relying on an oral declaration alone. Instead, travelers will be asked to present documents from one of the options below when entering the United States at land or sea ports of entry. Travelers who do not present one of the documents listed below may be delayed as U.S. Customs and Border Protection officers attempt to verify their identity and citizenship.

### U.S. and Canadian Citizens – Single Document Option

One of the following documents should be presented to prove both identity and citizenship.

#### Acceptable Documents as of January 31, 2008

- U.S. or Canadian Passport
- U.S. Passport Card (Available Spring 2008)\*
- Trusted Traveler Cards (NEXUS, SENTRI, or FAST)\*
- State or Provincial Issued Enhanced Driver's License (when available – this secure driver's license will denote identity and citizenship.)\*
